Though we are opposed to publishing certificates to show that we can control diseases supposed to be in-curable, we will re-publish the following letter of a well-known citizen to the editor of the Republican Banner, of Dec. 30th, 1860: Ms. Entros: Having been afflicted for some months past, as is known by my many acquaintances, with an attack of paralysis, and having received a benefit so decided from the use of electrical baths, given me by Dr. Westervelt, I have thought it due to those simiarly situated with myself, to make this publication. I was decidedly convalescent when I began to use the baths, but the benefit derived from them has been so positive that there could be no mistaking the cause.

I know this notice may inure to the benefit of Dr. W., at least with those who place confidence in my word, but to me it is a matter of much greater inportance that my friends should know where they can be relieved from the state of helplessness I was in a short time since. The common belief that much of the uncertainty of Medical Practice arises from the bad quality of Medical Substances, seems to acquire daily confirmation. Through faulty preparations formerly regarded as of primary importance are gradually going out of use, while others produce effects and cause accidents that do not properly belong to them as described in the Pharmacopea. New remedies, as suggested and offered for trial are often found so imperfect, and varying so much in chemical character and strength that they are either condemned or received upon false premises, both equally at variance with the proper progress in therapeutics; whilst most practitioners daily feel that the Materia Medica is not rich enough either to lose its old remedies, or to sacrifice opportunities of acquiring new ones. A proper appreciation of these facts warrant the Subscribers in manufacturing and vending none but First Class Standard Preparations, with direct reference to the necessities of the profession and the requirements of the Pharmacopea. Cur Chemicals, Powders, Tinctures, Essential Oils, and in fact all of our Medicinal Preparations are selected and compounded with a view to the quality only, without regard to price. In Periumery, Variety Goods, Patent Nostrums, &c., we endegwor to please all tantes.
